## The Next Rules of Work

To introduce getAbstract, we will be hosting Leadership Espressos. We will use this as a regular coffee event to discuss a summary relevant to our 4 Cs (Change, Collaboration, Cooperation and Customer). Here's a little blurb on this brilliant book:

The modern economy can be unsettling. Educator and consultant Gary Bolles feels your pain and understands that the rules of work are changing almost as fast as people can learn them. How much can you relate to this guide to thriving in the modern economy?

- **Step 1:** Please read: [The Next Rules of Work](#). To access the summary, click on the book cover.
- **Step 2:** This event will take place on a bi-monthly basis.
- **Step 3:** Set up a leadership discussion on this summary and make sure to note key take-aways.

***“A growth mind-set describes someone who welcomes change, pursues lifelong learning and expects to evolve continuously.”***
